

Story of Seasons Pioneers of Olive Town Best Farm Layout

In this game, setting up the farm in Olive Town will enhance your skills of making a good town. At first it might be a little monotonous to build the farm but later, it will be worth enough for you. This guide will help you to build the best farm. So, without any further ado, let's get started.

- Plant fruit trees and spread spores in the mushroom log; always remember to put up the crops, as these crops will be the source of income.
- Constructing a well near the crop will make save your time because you need to water those plants every day.
- In areas like Area 2 and Area 3, it is recommended to install a sprinkler to water 3x3 fields but for 5x5, use enhanced sprinkler. You might not visit those places often.
- At first you might purchase the seeds from the General Store, but with time you must implant Seed Makers to save time and money for you. There should be 4 to 5 Seed Makers on your farm. Having a Giant Seed Maker can also be beneficial.
- Chest storage should be placed in every area of the farm. In case your inventory gets full, you can store those unnecessary items inside the chest. Keeping 4 to 5 chest might get satisfactory.
- Roads are important for obstructing spawn of grass, stones and trees inside your farm, above all it will give access to each fields smoothly without stamping over sown fields and it would make your farm beautiful.

Farming in this game requires efforts, techniques and consistency. Without any doubt, this is one of the best layouts of the farm, but when you don't plant seeds or water the crops, the layout becomes useless. So, keep up the work, the farm will be a lot useful.

That's all!! Happy Farming!!
