

Genshin Impact lost riches treasure area 1 guide

Players!! Genshin Impact Lost Riches is back!!

For those who don't what the game is all about- Genshin Impact is a role-playing game developed and published by miHoYo, profoundly released for Microsoft Windows, PlayStation 4, iOS and Android in 2020. In this game, The Traveler travels all round in the world of Teyvat in search of the lost twin. During his expedition, the Traveler comes across difficult clues and finding caches of Iron coins for exchange in the item shop. These hidden finds give you dozens of Primogems + level up materials once you have solved the puzzles. If you find it difficult, then this guide will be a quite help for you. So, without any further ado, let's get started.

Each and every day, a new Treasure Area will unlock for a span of 6 days. Summoning the Treasure-Seeking-Seelie to head to the location which will be indicated in the event menu under the specific day. Each area has 60 Iron Coins to be found out. The expedition is hierarchical, i.e., you can only go to the next area only after you have collected the Iron Coins in the specific area. Some areas do have special challenges, where you need to defeat some powerful enemies in a short span of time. You will be rewarded for the same. You might also come across map fragments while digging for Iron Coins. After assembling all the fragments of the map, travel to the place indicating in the map. Make sure to use Treasure-Seeking Seelie to unlock a puzzle device on and unscramble the pieces till it matches with the one shown previously.

Lost Riches Area 1:

The first area is in Chinju Forest. It might be that easy as it seems. Treasure Hoarders might loot you after every hunt. So be cautious and be prepared for the fight.

When you have collected all Iron Coins in hand, you are free to spend as you like.

That's all!!
