Ooblets is a life simulation game developed and published by Glumberland and was released on July, 2020. In this game the protagonist has to live a normal and prosperous farmer life in Badgetown in Oob. Players can join in one out of 4 clubs, viz., Frunbuns, Peaksnob, Mossprout and Mimpins. After completing many quests and meeting various residents you will be offered to join in any of the 4 clubs. This guide will be helping you to find out the perfect club where you can fit in and collect your rewards. So, without any further ado, let's get started.

Each of the clubs has its own unique Ooblet and personality. Underlying description of clubs might help you in case you are finding it difficult to be best suited in.

- Frunbuns- this club is headed by Melda. The cutest because the crew likes to call them "sweet cuties who love cute things". This club will offer player a Tud which will support you in your dance battles.
- Peaksnob- this club is headed by Basil. These are the perspective leaders and the crew takes pride of themselves for the same. Once you have joined into the club, you will receive Bittle, an aggressive ooblet which steals points from the opposition while battling.
- Mossprouts- this club has its leader as Outgrid. The outdoorsy club will grant players the mushroom-lookin ooblet- the Shrumbo. Shrumbo lets you earn extra points when you make bonus moves.
- Mimpins- its leader is Videon. This club consists of techies and smart peoples who are kind of introverts and are never good at speaking to others in social situation. This club provides you with Sidekey, which let's you use your move twice.

Recommendation- we suggest you should join Mossprouts coz Shrumbo in your collection can make you gain extra points for its behavior.

That's all!!
