

Digimon Survive How to Tame Deltamon, Fangmon, Dokugumon

Digimon is a visual novel, tactical, RPG and single player game, in which you need to tame some wild creatures created in the digital world. Hence the name Digimon. Those creatures evolve into a superior version of themselves and the process is known as digivolution. You can train your Digimons for battle and collect valuable items. This guide will let you know how to befriend with three main Digimons, viz., Deltamon, Fangmon and Dokugumon. So, without any further ado, let's get started.

Deltamon:

Players who are looking for a solid attack-minded Digimon, Deltamon is not less than a better option, well to be frank, there will be other Digimons who would be more powerful than Deltamon when it comes to sear strength but for the first of the game Deltamon is more than a capable fighter. This creature has a complex structure with the upper limbs modified into two heads of skull and steel dinosaur bones forming a trio of heads with lower limb supporting the upper half.

Questions/statements	Best Responses
I want to do nothing but fun things! You too, right?	You know your stuff
This my turf! Leave some food and get outta here!	Hunt for yourself
Arrrrgh! Graaaaargh! Anyone else just gets in my way!	Calm down already!
Did you know? Taking a nap after stuffing your face is just the best!	Thanks for the lesson!
I'll pulverize ya! Gwaaahahahahaaa!	Scary! But I'll win
Uurrgh.... Waiting around makes waiting go crazy!	I know what you mean.
Aint you a frail-looking thing. You eating enough meat?	You look strong.

Fangmon:

This animal looks more or less like a wolf. His face has a stretched jawline like a crocodile, limbs grounded and has a hump on his back. He serves as an antagonist in the part 2 of Digimon Survive while his befriend process starts from the beginning of the game. This how you can befriend him.

Questions/Statements	Best Responses
-----------------------------	-----------------------

You sure you like to puff out of your chest around a weak monster like myself.	Strength's irrelevant.
Trying to pick a fight with a peace-lover like me... you humans are so cruel.	So let's call it off.
I bet you've got some secrets, huh? Go on, tell me one! I dare you.	Secrets? I wonder...
What do you think decides what's right or wrong?	Really itself
You may think of those around you as friends, but perhaps you're actually alone?	I wouldn't mind.
Let's make a deal: Throw the fight and I'll give you an item!	I don't believe you.
Who do you think is worse? The deceiver or the deceived?	The deceiver, duh!

Dokugumon:

The vigilant spider Digimon is the first boss in the main story. It evolves into one or more powerful forms once tamed. This Digimon communicates through words a few rather prefers showing actions that need subsequent responses.

Actions/Statements	Best Response
The monster has taken a threatening stance	Glare at him
Me...eat you... okay?	Try it. If you dare.
The monster looks away. As if bored.	Throw something
The monster seems perplexed by the sight of a human	Strut around
The monster thrashes about on the spot	Stare coldly at him
The monster seems to be pleading hungrily	Give him candy
Human... no good!	Sorry to bother you.

That's all!!
